Brown and Caldwell

January 22, 2021

Dear SNE SWANA Members:

First and foremost, I want to take this opportunity to thank you for being a member and for the trust you have put in the Board of Directors to lead our group over the next two years. I know I speak for our entire Board that we are excited for the opportunities to come.

Over the past year all of us have been dealing with new norms in our personal and professional lives. Communications, safety, training, social activities; all of these are vital in our daily activities and we have had to be creative in how we get them done. I applaud all of you for your perseverance and hard work in keeping the essential services we provide going day in and day out.

The Board is hoping to provide you the support you need in your professional lives as well as providing the resources of SWANA to make your jobs a little easier. Over the next few months, we will be developing a newsletter to provide you with current information on regulatory issues, safety, training opportunities, and possibly a technical corner to share experiences. Please look out for the first edition to be published soon.

Finally, the Board is enhancing our committee structure and will be looking for members to join to provide your valuable input. Committees will be Membership, Programming, Scholarship, and Advocacy/Legislative. More information will follow on each committee. If you are interested in joining please reach out to any Board member.

Thank you again and we look forward to serving as your Board over the next two years.

Brian N. Card, P.E.
President
